

OL/NBPO WEEKLY REPORT - PERIOD ENDING 19 FEBRUARY 1986

1. Progress Reports on Tasks Assigned by the DCI/DDCI:

None.

2. Items or Events of Major Interest That Have Occurred During the Preceding Week:

STAT *ya* * The New Building Project Office (NBPO), OL will have both an architect and a mechanical engineer visiting the New Building architect-engineer offices in Detroit this week ~~for the purpose of insuring~~ ^{to insure} that all redesign and relayout work done to support the Headquarters Management Board's recent decision to move Directorate of Operations and Directorate of Intelligence personnel into the New Building can be accomplished in a timely and effective manner.

STAT *nu* New Building Project Office Personnel will travel to Richmond, Virginia during this reporting period for consultations with the Virginia Department of Highways and Transportation concerning the design of the roadway improvements to Virginia Routes 123 and 193 that are associated with the New Building project. The issue at hand involves overcoming local citizen concerns with the detailed design of these roadway modifications.

STAT *yes* * On Thursday, 13 February, a Printing and Photography Division (P&PD)/OL photographer and teamed up to take aerial photos of the New Building construction project site. We anticipate excellent results as the day was clear and bright and the ground covered with snow. P&PD is currently developing the film, which will be provided to the New Building Project Office/OL with the proofsheets within the week.

STAT *ya* The Virginia Department of Highways and Transportation took 52 soil borings this week along Routes 123 and 193. The geologic data resulting from the analyses of the borings will be incorporated into the final design of the Routes 123 and 193 roadway upgrades.

3. Significant Events Anticipated During the Coming Weeks:

STAT *ya*
